Governor's Office,

Austin, Texas, May 29, 1920.

To the Thirty-sixth Legislature in Third Called Session.

I have been requested by the Texas branch of the American Legion to communicate to you the following resolutions adopted by the American Legion executive committee:

"Whereas, During the war and especially in all training camps of the United States, a great deal of prominence was given to the athletics and especially in the development of boxing, and

Whereas, This proved to us that training as such was invaluable to young men in building up the physical body and in teaching physical courage and self reliance, a trait that has long been the heritage of America, but in late years seemed to be on the decline, especially in cities, and

Whereas, Clean sports of every character should be encouraged

throughout America as tending to teach manliness and thereby to uphold the very heart of our democratic institutions; therefore, be it

Resolved, That the executive committee of the American Legion, Department of Texas, go on record as being unanimously and heartily in accord with the encouragement of boxing, under proper restrictions, and especially under the control of local post of the American Legion; and be it

Further Resolved, That a committee be appointed to draw up and propose to the next State Legislature a bill to legalize non-professional boxing under proper and lawful control."

Out of respect to the request of the American Legion, composed of soldiers, sailors and marines in the military service of the United States during the war, I submit the subject contained in these resolutions for your consideration.

The object sought by the American Legion is to permit, without violating the law, amateur and non-professional boxing in their own meetings, for the entertainment of the members of the American Legion, and for the continued physical improvement of those who engaged in the country's military services.

I would unhesitatingly veto any measure which would weaken the laws of the State as applied to prize fighting, or which would in any manner sanction professional boxing contests, but I would approve a measure enacted by your body which would accomplish the object sought by the members of the American Legion.

Respectfully submitted,

W. P. HOBBY,
Governor.

Miss Blanton's Letter.

The following communication was submitted by the Chair:

To the Honorable State Senate,
Austin, Texas.

Gentlemen: I respectfully request that you take action removing me from the Board of the Industrial Welfare Commission.

This request is made for the following reasons: (1) the duties of my office are such that I am unable to devote to the work of the Welfare Commission the time needed to perform properly the service which a member of the board should render, and (2) my brief experience as a member of the board has shown that it is unwise for the State Superintendent to act on this Commission, as the educational interests of the State should not be involved with interests which that commission must represent.

Respectfully yours,
ANNIE WEBB BLANTON,
State Superintendent.
